

## Hybrid Polyurethane Sprayed Membrane to External Podium

### The Project

Site: Lakes Vista Office Park, Northlakes  
Application: Hybrid Polyurethane Sprayed Membrane to External Podium  
Area: 2,500m<sup>2</sup>

[Watch the project overview online](#)

### Advantages

- High performance, solvent free sprayed elastomer
- Fast curing and installation time
- Very low VOC, 100% solids
- Excellent crack bridging capability
- 20 year design life
